MANUFACTURING & INDUSTRIAL FLOORING

Unique Commercial Flooring – Since 1925

Eco-Friendly, Low Maintenance, Slip/Chemical Resistive Flooring

Allegheny Installations is a full service commercial flooring installer that specializes in epoxy floors and polished concrete. Our floors are mixed and poured at your location to create your own unique, custom floor. Our highly skilled mechanics will furnish and install any size project throughout the tri-state area. We are committed to being the regional leader for manufacturing facility flooring systems.

Industry Knowledge

Heavy industry, light industrial, and manufacturing facilities of all types require flooring that can stand up to repeated use and heavy wear. Additionally, many facilities require dust-free, sanitary environments. Choosing the right floor is essential. We have been supplying custom flooring to all types of manufacturing and service industry clients for nearly a century and are keenly aware of the performance requirements of these facilities. Our versatile applications are customized to your needs providing long-term protection, durability, and low maintenance.

The Smart Choice

You need a system that is designed for worker safety and ease of maintenance with a low life-cycle cost. The well-designed functional features of our floor systems make them the perfect choice for a wide array of applications. Our custom floors deliver a surface that is durable, safe, attractive, and can stand up to heavy use. They are designed to withstand continuous thermal cycling from freezing to 225°F. In addition, they can be waterproof, slip resistive, and chemical resistant.

Our Mission

The foundation of our success is our commitment to providing superior service and maintaining long-term client relationships, while offering nothing less than customer satisfaction. We pledge to continue to be responsive to the needs of our clients. Since 1925, three generations of the Toole family have built a long-standing reputation for exceptional quality, craftsmanship, and dedication to our clients.
