

# FIREHOUSE FLOORING

Firehouse floors need to be as tough as the men and women who walk those grounds. They need to hold up to incredibly heavy machinery, constant foot traffic, sanitization chemicals, and tire wear. Allegheny Installations has the flooring solutions for these challenges!

## WHY ALLEGHENY INSTSALLATIONS?

**FAMILY OWNED**

**100+ YEARS IN BUSINESS**

**EXCELLENT CUSTOMER SERVICE**

**EXPERIENCED MECHANICS**

Allegheny Installations is family owned and operated and has been installing firehouse flooring solutions in the Pittsburgh area since 1925. We believe that floors are more than just a surface to walk on, rather they can set the tone and feel of a building and are a reflection of the owner. All of our floors are custom and designed to create a one-of-a-kind, high-end look.
